Dear Deanna:

As a result of the requirement to decrease the total number of hours for the Associate of Science Degree in Nursing from 69 to 60, the nursing faculty has decided to drop SOCY 1110, Introductory Sociology, 3 credits as a required course for the major. This was not an easy decision and we have respect and appreciation for the information our students learned through the course and for the faculty teaching the course. However, this was a course where some of the information which was covered in the course was also presented in the nursing classes, and so this decision was reached.

Thank you so very much.

Sincerely,

Sharon
