PROPOSAL. Write a brief abstract, not exceeding 100 words, which describes the overall content of the proposal.

This proposal reduces the total credit hours from 128 to 120 hours by incorporating the new General Studies requirements. Additionally, this proposal corrects not having GRAP 4410, Advanced Topics in Graphics as a required course in the program of study. GRAP 4410 is a writing intensive course. ENGL 1109 has been moved from a required course in the major to a specific required General Studies course.

Deletion of course(s) or credit(s) from program(s)

                Reduction of total credit hours from 128 to 120 was made possible via the inclusion of new General Studies courses specific to the program of study and by reducing free electives.

                                   Total hours   8   deleted.

Addition of existing course(s) or credit(s) to program(s)

                GRAP 4410, 3 cr.

                                     Total hours   3   added.
