

MEMORANDUM

TO: Curriculum Committee

FROM: Jack Kirby 

DATE: April 18, 2013

SUBJECT: Curriculum Proposal #12-13-66, REVISION #2
BS in Aviation Administration
Final Faculty Senate Approval 4/23/2013

I recommend approval of the attached REVISION #2 of Curriculum Proposal #12-13-66 from the College of Science and Technology, Department of Technology. This proposal is now ready for Faculty Senate.

MEMORANDUM

TO: Curriculum Committee

FROM: Jack Kirby *JK*

DATE: April 15, 2013

SUBJECT: Curriculum Proposal #12-13-66, REVISION #1
BS in Aviation Administration

I recommend approval of the attached REVISION #1 of Curriculum Proposal #12-13-66 from the College of Science and Technology, Department of Technology. This version is submitted for second reading of the Curriculum Committee.

This proposal reduces degree hour requirements of the BS in Aviation Administration from 128 to 120 and incorporates the new General Studies requirements.

c: Dr. Christina Lavorata
Dr. Anthony Gilberti
Mr. Thomas Stose
Ms. Evie Brantmayer
Ms. Leslie Lovett

CURRICULUM PROPOSAL (Submit one hard copy and an electronic copy to the Associate Provost by the second Tuesday of the month.)

Proposal Number: # 12-13-66

School/Department/Program: College of Science & Technology/Technology/Aviation

Preparer/Contact Person: Thomas Stose (Administration)

Telephone Extension: 367-4201

Date Originally Submitted: 03-12-2013

**Revision (Indicate date and label it
Revision #1, #2, etc.):** Revision #2, April 18, 2013

Implementation Date Requested: Fall 2013

- I. **PROPOSAL.** Write a brief abstract, not exceeding 100 words, which describes the overall content of the proposal.

This proposal reduces the total hours needed for a B. S. in Aviation Administration degree in Management from 134 hours to 120 hours beginning Fall 2013. This is accomplished through the deletion of two Technical core classes. These were AVMA 2214 and MGMT 4405. AVMA 2214 Advanced Air Traffic Control was removed as the bulk of this material is covered in AVMA 1102 and AVMA 22114 was designed for someone who planned to go directly into Air Traffic Control. The major aviation electives were reduced from 9 to 6 credits

The MGMT 4405 was removed as much of this is also covered in the AVMA management classes and the Business department had changed their prerequisites.

This change also incorporates the new General Studies curriculum into the degree requirements. This changed the General Studies requirements from 56 to 39-41. Additionally, a name change for AVMA 3307, Aviation Safety to AVMA 3307, Human Factors in Aviation Safety is part of this proposal. The content of this class remains the same but the title more correctly reflects the content of the class. The AVMA Aviation Major Electives were reduced from 9 to 6 credit hours.

- II. **DESCRIPTION OF THE PROPOSAL.** Provide a response for each letter, A-H, and for each Roman Numeral II-V. If any section does not apply to your proposal, reply N/A.

- A. Deletion of course(s) or credit(s) from program(s)
MGMT 4405 Operations Management 3 credit hours
AVMA 2214 Advanced Air Traffic Control 3 credit hours
AVMA Aviation Major Electives were reduced from 9 to 6 credits

Total hours deleted. 9

- B. Addition of course(s) or credit(s) from program(s)

Total hours added. _____

- C. Provision for interchangeable use of course(s) with program(s)
N/A

D. Revision of course content. Include, as an appendix, a revised course description, written in complete sentences, suitable for use in the university catalog.

N/A

E. Other changes to existing courses such as changes to title, course number, and elective or required status.

We are proposing the change of AVMA 3307 Aviation Safety to AVMA 3307 Human Factors in Aviation Safety. The content will remain the same, but the new title better fits the course objectives.

F. Creation of new course(s). For each new course

1. Designate the course number, title, units of credit, prerequisites (if any), ownership (FSU or shared) and specify its status as an elective or required course. If you are creating a shared course, attach a memo from the Deans of the affected Schools explaining the rationale for the course being shared.

N/A

2. Include, as an appendix, a course description, written in complete sentences, suitable for use in the college catalog.

N/A

3. Include, as an appendix, a detailed course outline consisting of at least two levels.

N/A

4. In order to meet the requirements as outlined in Goal One of the Strategic Plan, please include Outcome Competencies and Methods of Assessment as an appendix. Examples are available upon request from the Chair of the Curriculum Committee.

N/A

G. Attach an itemized summary of the present program(s) affected, if any, and of the proposed change(s).

We have attached a copy of the revised degree plan for this program.

Describe how this proposal affects the hours needed to complete this program. Specifically, what is the net gain or loss in hours? Use the format for Current and Proposed Programs in Appendix A.

This will reduce the hours required to complete the degree from 134 hours to 120 hours.

III. **RATIONALE FOR THE PROPOSAL.**

A. **Quantitative Assessment:** Indicate the types of assessment data, i.e., surveys, interviews, capstone courses, projects, licensure exams, nationally-normed tests, locally developed measurements, accreditation reports, etc., that were collected and analyzed to determine that curricular changes were warranted. Quantitative data is preferred.

An advisory committee made up of graduates over the past fifteen years was surveyed and their input was utilized to make the minor changes to the curriculum. All of the employers in the area are members of the RCB National Aerospace Education Center Technical Advisory Committee that meets twice a year and the school makes regular visits to the employer locations to discuss how graduates are progressing in their career field.

MGMT 4405 was deleted due to changes in pre-requisites from the School of Business that required overrides to allow aviation students to enroll in this class. Much of this content is still being covered in existing AVMA classes. AVMA 2214 was deleted as the program no longer covers career planning to the level it once did. Again, some of this content is still being addressed in other classes such as AVMA 1102. The Aviation Major Electives were reduced from 9 credits to 6 credits to allow the student to have some free electives to explore their educational interests.

B. **Qualitative Assessment:** Based upon the assessment data above, indicate why a curricular change is justified. Indicate the expected results of the change. Be sure to include an estimate of the increased cost, or reduction in cost of implementation. FOR EXAMPLE: Will new faculty, facilities, equipment, or library materials be required?

This reduction in hours will not affect faculty, facilities, equipment or library materials.

IV. Should this proposal affect any course or program in another school, a memo must be sent to the Dean of each school impacted and a copy of the memo(s) must be included with this proposal. In addition, the Deans of the affected schools must sign below to indicate their notification of this proposal.

By signing here, you are indicating your college's/school's notification of this proposal.

College/School	Dean	Signature
Business/Management	Dr. Richard Harvey	
Science and Technology	Dr. Anthony Gilberti	

V. Should this proposal affect any course to be added or deleted from the general studies requirements, a memo from the chair of the General Studies Committee indicating approval of the change must be included with this proposal.

VI. **ADDITIONAL COMMENTS.**
