All residence halls will close on Saturday, November 20, 2021 at noon. Due to the quarantine timeframes and to ensure that all students can leave campus by the closing date, students who are required to quarantine or isolate on or after **November 10, 2021 at 4 p.m.**, will be required to do so at an off-campus location or permanent home address. As always, Residence Hall staff will work with students to ensure that any concerns are addressed. However, the University will have limited resources available to students during the winter break and cannot provide quarantine housing on campus during this time.

Thank you,
The Office of Housing and Residence Life
